15th July 2020 **Wednesday** Alert No.3

Indicator No.1.1 for the **1st Quarter** will now be read as below

1.1
Qtr-1

Percentage of Wards (including households/premises/gates*/shops/commercial units) covered with **100% Door to Door Collection** and transportation of solid waste. (Coverage of wards means every unit of household, commercial establishment and shops in the ward).

Marks
100

This parameter examines whether your ULB has a system in place for door-to-door collection of waste.

Scheme of Marking	Marks
Collected in > 95% Wards	100
Collected in 80%-95 Wards	90
Collected in 65-79% Wards	70
Collected in 50-64% Wards	50
Collected in 40-49% Wards	30
Collected in 25% - 39% Wards (no marks for <25% performance)	10

*Gate means the point from where the waste collector collects the waste. For independent houses, the door will be considered as a gate whereas in residential societies, generally there is a single point from where these collectors collect their waste

15th July 2020 Wednesday Alert No.3

Indicator No.1.2 for the 1st Quarter will now be read as below

1.2	Percentage of Wards (including households/premises/gates*/shops/commercial units) covered with 100% segregation at source (wet, dry, sanitary & domestic hazardous**) maintained till processing/disposal facilities. (>1 Lakh population cities advised to collect segregated waste separately from households, mandi, streets/commercial areas/litter bins, hotel/restaurants, parks/horticulture waste and religious places)	Marks 200
------------	---	---------------------

Note: Waste collector must check that waste is segregated properly by waste generator before collection. Domestic sanitary and hazardous waste to be disposed in a separate bag and placed in separate area (bin) of vehicle. Vehicles must be properly compartmentalized. In case of collection of mixed waste from households/ premises/ gates, it should be kept separately and not mixed with segregated waste collected, till processing/disposal facilities. Mixed waste shall not be mixed with segregated waste at any point.

Scheme of Marking	Marks
Collected segregated in > 95% Wards	200
Collected segregated in 75%-95 Wards	150
Collected segregated in 55%-74% Wards	125
Collected segregated in 35%-54% Wards	75
Collected segregated in 15%-34% Wards (no marks for <15%)	50

*Gate means the point from where the waste collector collects the waste. For independent houses, the door will be considered as a gate whereas in residential societies, generally there is a single point from where these collectors collect their waste.

****Sanitary waste :** Menstrual waste and diapers
Domestic Hazardous waste: Discarded paint drums, pesticide cans, CFL bulbs, tube lights, expired medicines, broken mercury thermometers, used batteries, used needles and syringes and contaminated gauze, etc., generated at the household level.

Please refer the revised scheme of marking

3.3 What percentage of faecal sludge collected or sewage generated from Households/Commercial Establishments/ CUs/PTs is treated at FSTP/STP - Scientific processing of faecal sludge/sewage - Whether treated wastewater from STP/FSTP reused/recycled? **Marks 175 (130+45)**

This indicator will ascertain whether majority of the faecal sludge/sewage in the city is being processed scientifically and not being discharged in the open – and whether city reuse/recycle the treated wastewater from STP/FSTP. **Treated wastewater utilization and consequent revenue saved by using the treated wastewater will be considered as revenue generated besides actual sale of the treated wastewater. The revenue will be calculated on the basis of commercial rate that U&R charges for supplying/selling water.**

Scheme of Marking	Marks

SS-Josh – Citizens' Feedback

Together, let's Empower Citizens with Free & Fair Environment

1

Each citizen must be encouraged to give feedback – **let them express** their opinion basis their experience

2

Cities can attract citizens to give feedbacks by making **QR codes** available in all commercial/ public areas, institutional areas etc. along with promotion through roadshows

3

One Citizen One Feedback rule to be followed

4

As a standard practice, the Assessment Agency is making **validation calls** to verify if the feedback given by them is basis their experience

Many thanks for your Josh in mobilizing your citizens!

Do let's know if you have any suggestion to make the process more robust
