**Calculation of Wet waste:-**

Current population of Ratnagiri city:-81609  
Quantity of wet waste generated per day=  
 $= (\text{No. of People} \times \text{Wet waste rate per capita per day})$

**As per Byelaws:-**

Wet waste rate per capita per day:-225 gm./persons/day  
 $= (81609) \times 225 \text{ gm} / 1000$   
 $= 18362.025 \text{ kg/day}$   
 $= 18.36 \text{ Ton}$   
 $\approx 18 \text{ Ton}$

**AS per City Level:-**

Wet waste rate per capita per day:-208 gm. /persons/day  
 $= (81609) \times 208 \text{ gm} / 1000$   
 $= 16974.67 \text{ kg/day}$   
 $= 16.97 \text{ Ton}$   
 $\approx 17 \text{ Ton}$

Chief Officer  
Ratnagiri Municipal Council

Documents prepared as per format Prescribed by IPSOS team.

Focused on better presentation of Data filled MIS in documentation format.

Summary page was added for all documents of each indicator for betterment of analysis.

Summary was prepared in English so for better understanding.

Very Sorted Documents prepared and uploaded. Avoided uploading of irrelevant documents.

Calculation sheets were also attached wherever necessary. Eg. Waste Generation, Collection & Processing, Property Tax & User charges etc.

# Certification

## GARBAGE FREE CITY (3 STAR)

- GFC became beneficial for preparation of SS2020 Documentation & On Field Implementation, as most of the indicators were similar to SS20.
- DPR Implementation helps to improve SWM Infrastructure. Vehicles Procured to improve & maintain collection & segregation. Procured machineries enhanced efficiency of existing Processing facilities.
- GFC Certification secured 600 marks to achieve good ranking

## ODF++

- We had focused to achieve ODF++ status to improve our sanitation status. Co treatment of Faecal Sludge adopted.
- Increases additional facilities in CT-PT to provide better service for citizens and tourists.
- Also ODF++ status assured 500 marks to achieve good marks in SS20 rankings

# Direct Observation

Installation of proper signage in every ward for convenience of field assessment.

Awareness regarding Field assessment was done so that citizen can co operate better with assessors.

Deployment of all Sanitary staff to maintain the cleanliness within the city.

All SWM & Sanitation related activities were monitored regularly b SI and reported to Chief Officer.

DPR Implementation helps to improve SWM Infrastructure.

Vehicles Procured to improve & maintain collection & segregation.

Procured machineries enhanced efficiency of existing Processing facilities.

# CITIZEN ENGAGEMENT

Strong IEC through Wall Paintings, Social Media, D2D Surveys, Competitions etc.

Focused on better service provision to get positive response from the citizen.

Focused on Citizen Grievance to improve the service. Active participation of Citizens helps us to do more better and creates opportunity to improve ourselves.

THANK

YOU
